Merchant Services

Providing a sustainable, socially-conscious choice for non-cash payments

Our Mission

Dharma. Right effort, right intention, right action. It means so much more, but you get the picture – we are dedicated to doing the right thing when providing merchants with the ability to accept payments for the goods and services that sustain their livelihoods. The right way means explaining the costs in a clear, fair, and unchanging manner; really listening to and meeting our merchants' needs; and doing so with a deep sense of stewardship for the earth's resources and with a corporate responsibility to help our communities in need. It's not just what we do, but the spirit in which we do it that matters.

Our Services

We work with retail, web-based, mobile and especially non-profit merchants to create individualized solutions for their payment acceptance needs.

Payment gateway for web-based businesses

Check acceptance services

Wired and wireless terminals for retail stores

Gift and loyalty card programs

Dharma Merchant Services is a registered MSP/ISO for Merrick Bank Corp., Woodbury, NY, 11797

The right price

Since all merchant account providers are subject to the same Visa and MasterCard costs, Dharma Merchant Services can be competitive with the largest providers. We operate with a full-disclosure pricing model, identifying all costs and fees in advance, and **do not** charge the following fees:

- monthly minimum fees
- batch header fees
- AVS fees
- cancellation fees
- application fees
- mid or non-qualified fees

The right thing

Our vision is to create an ongoing channel of support between our like-minded customers and the worthy causes we both believe in. To accomplish this, 10% of the profits from each customer's account are donated to a charitable, non-profit organization of your choice.

The right partners

Whenever possible, Dharma Merchant Services strives to make the sustainable and responsible choice. We offset our electricity and natural gas consumption, choose environmentally friendly products, use a green, community-focused bank and host our website with a 100% solar powered company.
